

MIGSG HIGHLIGHTS

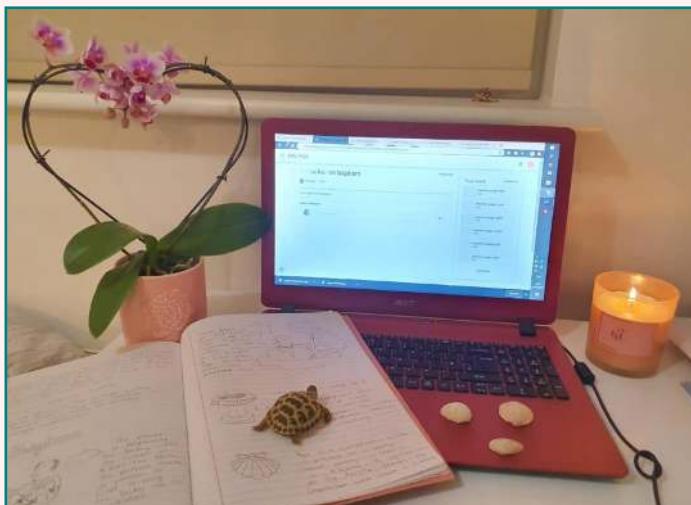

MANCHESTER ISLAMIC GRAMMAR SCHOOL FOR GIRLS

APRIL 2020

Spring Term - Issue 58

DEALING WITH COVID - 19 CORONAVIRUS - WORKING FROM HOME

MIGSG has gone virtual overnight in this pandemic and students have been accessing work through the virtual world. For some it's been a joy, but many have missed the classroom, both teachers and students alike. Our students have been working extremely hard from home attending lessons from the virtual world. We are proud of how quickly they have adapted to the new learning method in such unprecedented times. Thank you for the support of parents too. We hope everyone stays safe and healthy during the lockdown.

Comments from some parents on the home learning experience:

"At a time of huge uncertainty my daughters' experience of academic and emotional support from MIGSG has been truly heartwarming. From the start she has been receiving reassuring messages from teachers and enough guided and structured work to assure her that her education will not be compromised. At the same time the teachers have continued to show empathy and understanding at how confusing this time might be for the girls and have been checking in with them to make sure they're ok and not feeling overwhelmed. A virtual classroom was quickly set up for a purely non academic purpose to allow the girls to stay connected and share reminders and fun ideas. As a working parent this has proved a huge relief knowing the school is continuing to embrace our daughters' wellbeing in every way".

-Year 10 parent

HEAD TEACHER'S ADDRESS

SPRING 2020

Dear Parents/Guardians and Friends of MIGSG

Assalamu'Alaikum

I pray that you are all in the best of health and Imaan, Insha'Allah.

As usual this term we have been very busy with many activities and events taking place and as always looking forward to sharing them with you in our spring newsletter. Unfortunately we have been struck with this pandemic; no one would have thought that we would have to endure this in our lifetime. This pandemic has caused our school and I am sure many organisations to move away from their normal routine and put in place measures to accommodate staff, students and parents, therefore we have put together a condensed newsletter. Insha'Allah once everything returns back to normal we will inform you of all activities that have taken place in and out of school.

We hope that the situation will be resolved as soon as possible, and that we will all remain safe and well until things get back to normal. My prayers go out to all those families that have been affected by this pandemic. These are very trying times for everybody, students, staff and parents, and I would like to thank you all for your support during this very difficult period.

As you know, all staff, both teaching and non-teaching, have been working extremely hard to support your daughters' education during the school closure. Teachers have been working tirelessly to provide the best possible service under these unprecedented circumstances, setting and marking work, and responding to individual student queries. This will continue until we receive further instructions from Government regarding re-opening the school.

The vast majority of the students are to be commended for the effort they have been putting in to make the most of this new way of learning. Most have been working very hard, and are communicating well with their teachers; it is important that they continue to complete all work set, so that they are not at a disadvantage when the school finally reopens.

You will be aware that GCSE examinations have been cancelled for this academic year, and that exam boards will be awarding grades based on information provided by the schools. Again teachers will be very busy putting together Year 11 students' estimated grades, previous achievement and current learning. Therefore, it is imperative that Year 11 students continue to put maximum effort into their work during these last few weeks, so that teachers have up to date material on which to base their predictions. It is very important students taking GCSEs continue to submit work during this period so not to be at a disadvantage.

Finally, Insha'Allah I hope and pray that we are all safe and continuously abide by government guidelines. WE have now entered the blessed month of Ramadan and we should use this time to supplicate to Allah (SWT), that ease is granted for all mankind, remembering family, friends, neighbours and all staff and students in your duas, May Allah's (SWT) guidance be with us all, Ameen.

I take this opportunity to thank you once again for your continued support, and to wish you all Ramadan Mubarak.

Walaikumasalaam,

Mona Mohamed
Head Teacher

THANK YOU NHS

 Some of our students and their families have been coming out of their houses on Thursdays at 8pm to clap with the nation and thank all NHS workers. They shared with each other the amazing feeling of community spirit and unity which put them in high spirits too.

On behalf of everyone at MIGSG we are thankful for the amazing sacrifices and work going on the frontlines in the NHS and also for what those behind the scenes are doing to keep us all safe.

LIBRARY NEWS

Why a book club in the library

Book Club is held each Friday during lunchtime for alternative year groups each week. The members of the Book Club pick a book and read it together in the library or at home individually during the week. They then meet in the book club and discuss what they have read. Cakes and biscuits are provided. In our book club the students, sitting in small groups in the library, eagerly hold a discussion without formal comprehension questions or post-reading exercises.

The result has been increased levels of reading for pleasure, wider vocabulary, and the practice of higher-order thinking skills, such as analyzing and evaluating stories and the ideas in them.

Other benefits of the book club include:

Boosts Teamwork Skills

Helps students to grow closer to one another and to work more efficiently, building stronger working relationships. It helps build trust when students share and debate ideas.

Book Fair

We held our annual book fair in December 2019, with a mixture of fiction and non-fiction books on sale.

The book fair was a success, generating £571.66 in total. As MIGSG is entitled to 40% of the amount raised, we were given books to the value of £228.66, which were put on the library's shelves for students to browse. The students were involved in choosing the books selected.

We also held a competition during the book fair by which the person spending the most won a £25 book voucher. The winner in 2019-20 was Sama Sweed from 8H.

ALBUKHARY ISLAMIC ART GALLERY

During a day trip to London on 10th January, Year 10 students visited the AlBukhary Islamic Art Gallery and completed a workshop on different periods of Islamic rule, and how Islam spread far

and wide, seeing the impressive array of rich artefacts and art the Islamic world was known for once upon a time. The students were gratified to see that their roots and heritage are permanently represented in the British Museum.

ALUMNI GUEST – MARYAM DUALE

While our students were in London visiting public services, and attending workshops at parliament, they had an opportunity to meet one of our alumni ex-students, Maryam, who works for the government. She talked about her journey to the civil service and gave an insight into what life in Whitehall is like. We are very proud of her and the students found her hugely inspiring.

ALUMNI SESSION

As part of our Year 11 Preparation for Leaving MIGSG Programme, we had an ex student, Aleena, come back to school to talk to our students about the process of applying to and fitting in to college. The girls had lots of questions for her on what to look forward to and what to watch out for. Thank you to Aleena for coming back to deliver this very useful session. We are hoping to have Year 11 back to school when everything is back to normal, to say a proper goodbye to them and to celebrate their 5 years at MIGSG Insha'Allah.

AUSTRALIAN BUSH FIRES

During the devastating bushfires in Australia earlier in the year, an assembly was delivered by students passionate about climate change, informing students of the crisis in Australia and how 1 billion animals have died. The assembly ended with a prayer for all in Australia.

BBC YOUNG REPORTER FESTIVAL

Our budding journalist student body participated in the BBC Young Reporter Festival on Monday 9th March 2020. They had the opportunity of having a tour of Media City, a session on the art of storytelling, and hearing from journalists, reporters and authors. It was a great opportunity for the students, and we are looking forward to seeing what they put together in school for the student newspaper.

#BBCYoungReporter

COMMUNITY SPONSORSHIP PROGRAMME

Thank you to all parents and community members that attended the community sponsorship meeting on Tuesday 4th February to discuss how to support the needs of a Syrian refugee family coming to settle in the UK. We will be in touch with another date for those that couldn't attend and under the current circumstances of a world pandemic we will pick this up in the next academic term Insha'Allah. Thank you to Citizens UK for arranging this for us.

www.migsg.miet.uk

BRAVE WORKSHOP

Our students had a workshop on extremism, gangs and knife crime on 20th January. Jacob , who shared his life story of being recruited into a gang, and spending time in and out of prison, was particularly well received by all the students and staff. It was a very informative workshop for all students. Thank you to BRAVE and Samiya Butt from Manchester City Council for facilitating this workshop for us.

WORLD RELIGION DAY INTERFAITH VISIT TO THE BUDDHIST CENTRE

As part of providing a religious ethos education at MIGSG, we give students an opportunity to visit other places of worship to find out about different religions and learn to respect and tolerate one another. Over the five years students get to visit the places of worship of all major faiths.

Year 11 started the visits by going to the local Buddhist centre. They had a tour of the centre, learnt about the key Buddhist beliefs and the art of meditation. Thank you for hosting our students.

E-SAFETY SESSION - PARENTS

Thank you to all the parents who attended the e-safety session at school in February. It was well attended and much needed. It is always surprising for parents to hear about the different apps young people access these days, as well as learning about monitoring devices responsibly. More information on e-safety can be found on our website and we will hopefully be running the session again in the future.

WORLD CANCER DAY

Dear fellow human,
I know how you have gone
through a lot;
a lot more than most of us can bear.
Which also means that you
are much stronger than us all.
Unfortunately this world is
imperfect & eternal it definitely
is not. But we are beings that
crave perfection, because we
are made for a place much
better than this world: Paradise.

I pray for your ease, for your
health, for a joyful life, full of
peace. I pray for a life full
of benefit & blessings. And also
a beautiful place in Paradise,
A place in which there is nothing but
peace. Never lose hope.
From You fellow human being.

For World Cancer Day and Sending a Card to a Friend Day, we got staff, students and some parents writing heartfelt cards to send to cancer patients, to bring a smile to their face

during times of hardship.
From Me to You is a

campaign set up to do something similar. One teacher made beautiful cards for everyone to write messages on.

"FOR THE LOVE ALLAH...."

For a form activity in March, students received chocolates hearts and had to complete the sentence "I love Allah.....".

It was interesting to see students reflect on their relationship with Allah(swt) and come up with some really profound statements of why they love Allah(swt). May the love of Allah(swt) remain in their hearts always.

GUEST SPEAKER ~ IBN ALI MELLER

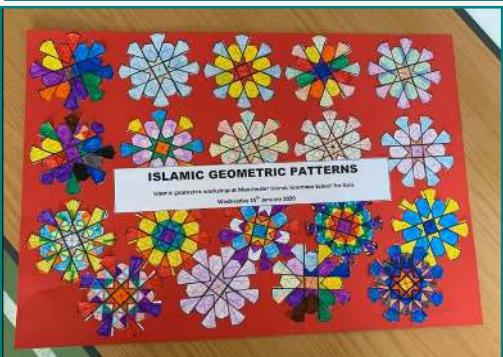

For an assembly in February we had a motivational guest speaker Ibn Ali Meller, who came to fame when a video showing him breaking up a fight amongst youths in America went viral. He spoke about the importance of the role of women and how each one of the students was a 'somebody' who could make a positive difference in the world. Thank you to Br Altaf and Human Appeal for arranging the assembly; the students found it really beneficial.

GRESSWELL PRIMARY SCHOOL VISIT

We had Year 6 students visiting us from Gresswell Primary school in Denton. They have been learning about Islam in school and participated in different workshops including:
 Writing Arabic letters
 Learning to write their name in Arabic
 Geometric workshop
 Hijab tutorial
 Tour of the school
 Watching the prayer
 Learning about Wudu and the 5 pillars of Islam.
 We hope the students enjoyed the day and look forward to the next class visiting us soon
 Insha'Allah

SCHOOL LINKING PROGRAMME

GCSE students from MIGSG took part in a school linking program for religious studies at Hazel Grove High School. The Year 11 students were able to share some knowledge on Islam and the 6 articles of faith as well as share exam techniques and skills. A huge well done to the girls for being confident and efficient.

SEND A CARD TO A FRIEND DAY

It was [#SendACardToAFriendDay](#) on 7th February and students loved making cards and giving them to their friends. Sometimes you just need a handmade card with words of kindness to make someone's day.

facebook.com/mihsfg

HOLOCAUST MEMORIAL WEEK

For Holocaust Memorial Day our students were joined by Rabbi Warren Elf MBE and Yusuf Tai MBE to talk about the holocaust and what led up to it, and how we should stand together against hatred. It was a moving message from Rabbi Warren sharing his own family history too. Thank you to them both for delivering this workshop.

During the day, students remembered those that lost their lives in the holocaust and the many genocides since then, as well as looking at how they can make the world a better place without hatred. They discussed and prepared pledges on how they will stand together with those who face hate from today onwards. They shared thoughts about having the courage to speak out against those that share hatred online, especially if they know of each other.

PERIOD POVERTY

Year 11 delivered an assembly on 'period poverty' and shared a powerful video on how some girls in the UK miss school because they can't afford sanitary products. Although the UK government will be providing sanitary towels in some schools, our students will be collecting sanitary towels for women who are homeless. This was one of the last campaigns that the Year 11 were doing and Insha'Allah we can carry it on afterwards.

NO NAME CALLING WEEK

15-19th January was 'No Name-calling Week' whereby 9 Jenan delivered a very engaging and informative assembly on no name-calling and what Islam says about ridiculing people too. The students got the whole school to reflect on words good and bad they have been called and the impact it has had on them. Thank you 9J and their form tutors, Mrs Sulieman and Mrs Saunders, for an amazing assembly Masha'Allah.

JANAZAH PRAYER

Year 9 students are learning about janazah prayer and had a practical lesson on it. With a teacher under the kafn shroud to make it more realistic, students got to learn the janazah prayer. May it be a lesson they remember for the janazah they attend in the future

KASHMIR SOLIDARITY DAY

Year 10 GCSE Urdu students attended an event commemorating Kashmir Solidarity Day on 5th

February, organised by the Pakistani Consulate. Students got to listen to speeches in Urdu from key signatories including the Lord Mayor of Manchester. They got to learn about the plight of the people of Kashmir, especially those still in a curfew after 185

days. It was a good event for the students to practise their Urdu speaking and listening skills, as well as sample the cuisines on offer for lunch.

MOTHER LANGUAGE DAY

Mother Language Day took place in February and 9S students delivered an assembly on the love of the mother tongue, presenting different signs saying "I love my language" in their native languages. We are a school of diverse Muslim backgrounds where over 20 different languages are spoken at home — something to celebrate and share.

And of His signs is the creation of the heavens and the earth and the diversity of your languages and your colors. Indeed in that are signs for those of knowledge. (30:22)

MANCHESTER MUSEUM – CANAL VISIT

Year 10 GCSE Geography students enjoyed a day at the Manchester Museum, with a team from Birmingham University studying the local Manchester canals, as well as how the artefacts were transported and found in the canals. It was a really interesting day for the students exploring parts of the museum

that is closed to the public at the moment too. Thank you to Manchester Museum for delivering this workshop

MANCHESTER UNITED FOOTBALL MATCH

Some of our students who have been staying behind every week for two years for karate club were given a night off karate, to enjoy a football match at Old Trafford, the “theatre of dreams” where Manchester United beat Wolves in an FA cup replay. The students really enjoyed the evening; for some it was their first time seeing a live football match.

A group of 49 people including students, staff, and community members completed their Umrah in February 2020. They had an opportunity to not only perform umrah, but also to carry out extra acts of ibadah and random acts of kindness, including visiting museums and exhibitions. We are proud of all the students who completed more than one umrah. May Allah(Swt) accept it from them, their families and reward them immensely in this life and next.

TRIP 2020

SAUDI DESERT NIGHT

On the last night in Madina on the Umrah trip, the students enjoyed a traditional Saudi desert night with traditional food, reminders, activities, camp fire, marshmallows and hot chocolate as well as racing each other on the quad bikes. The students deserved this special night after 10 days of Ibadah.

WOMEN'S LEADERSHIP TRAINING

Some of our students attended a women's leadership and organisational training session facilitated by Citizens UK. They had the opportunity to learn different leadership strategies and the art of networking, as well as how to mobilise people for different campaigns, benefitting from the wealth of experience in the room. Thank you to Furqan Naeem and Citizens UK for inviting and our students. And giving them this invaluable experience.

WORLD HIJAB DAY ON 1ST FEBRUARY

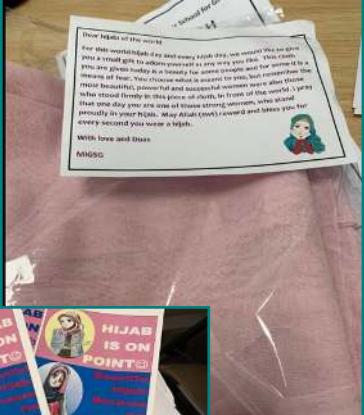

Our students get to experience wearing the hijab as part of their uniform, even if they don't wear it at home. We marked the day by giving all students a certificate of excellence for wearing it every day in school.

Students in Year 7 got a hijab as a gift with a message of being proud and not allowing the Hijab to stop them from doing anything.

Students in all year groups also completed a questionnaire anonymously to see how many students in school wear hijab outside of school and to record some of the best things that have happened to them wearing it, and unfortunately some of the worst.

We hope the hijab is their cape in the world and that they are inspired by those that have broken glass ceilings with a hijab on.

UNICEF BRONZE AWARD

We are proud to announce that we are now a UNICEF Rights Respecting school and have achieved the bronze award Alhamdulilah.

We are on our way to achieving the silver and hopefully one day the gold award. The UNICEF Rights Respecting Schools Award highlights the importance of the UN convention on the rights of the child (UNRC) and how we embed these in our curriculum and whole school ethos.

MOTIVATIONAL SPEECH – RESPECT

A motivational speech was delivered every Monday before the school closed and the following was a really good reminder given by Noor on ‘respect.’ It was a very thought provoking and apt reminder.

She said:

“It goes without saying that respect is important. When you respect others, you respect yourself. It doesn’t matter where you come from, the house you live in, or the clothes that you wear, the way you treat other people, tells all. It’s a true reflection of the person YOU are.

So strive to make that person a beautiful person. Beauty on the exterior is nothing if it doesn’t come with beauty on the interior, because your beauty on the outside will fade with time, but beauty on the inside will shine through. How you choose to treat others won’t just last a lifetime, it’ll last beyond that.

Don’t be the reason someone is hurt, be the reason someone is making Du’a for you.

There’s a common saying, “you reap what you sow.” You gain respect through the way you respect others. Notice that respect isn’t limited by anything. What I mean is that respect is towards everybody, of any age, background and religion.

NSPCC NUMBER DAY

NSPCC Number Day is a fun free maths day on 1st February. A perfect way to create awareness on how to protect children from abuse and where to turn to for help. All students participated in fun, engaging mathematical activities surrounded with the NSPCC ethos.

“We enjoyed NSPCC Number Day. It increased our mathematical knowledge. It was fun and engaging. We also learnt how NSPCC helps thousands of children and that on average they receive a phone call every 25 seconds. They help anyone and everyone. I would love to help them when I am older.” Maria and Natir

Thank you to the maths department for running the NSPCC Number Day in their lessons.

WINTER FAIR – PTFA

One of the first events that was organised this year by the PTFA was the winter fair .

Thank you to everyone who attended ; it was a great way to enjoy a winter BBQ and a huge variety of food. The event was organised by the PTFA and proceeds will go towards a rain shelter for the students in the front of the school InshaAllah.

STAFF SUNNAH IFTAR

We've been holding a sunnah iftar programme for students every Monday and Thursday since beginning of December, culminating in an iftar for staff who have been staying after school throughout the programme. Jazakallahkhair. May Allah accept it from them.

STUDENT SUNNAH IFTARS

Thank you to the parents that have been cooking for the sunnah iftars for students and staff . The sunnah iftar programme will be carrying on when we return to school InshaAllah.

The photo shows some students learning to open their iftar with chop sticks and noodles. May it be accepted from everyone.

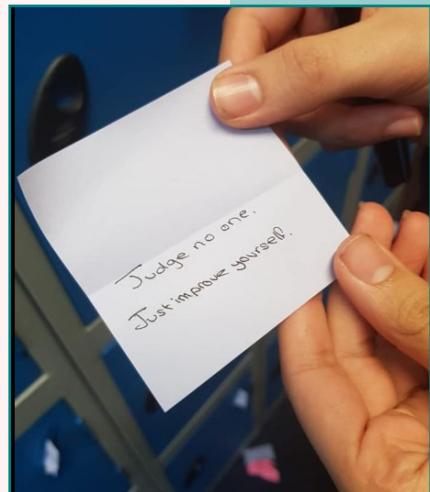

QURAN READING

During registration on Monday mornings, students get a chance to start the week with some blessings from the Quran. In every form students recite a few ayahs each to practise their recitation too. Now that we are temporarily closed, they have been receiving reminders at home to read Quran. May the blessings and words of the Quran be with them always.

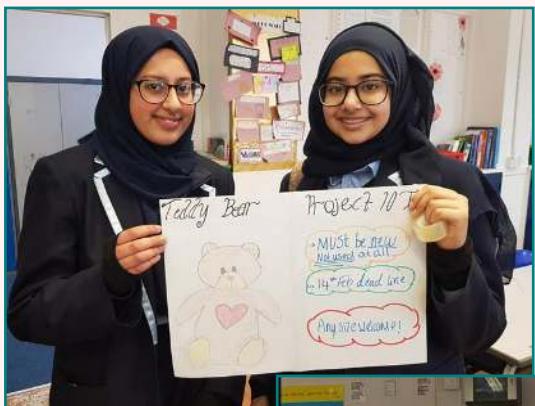

RANDOM ACTS OF KINDNESS

How to end the week MIGSG style! With random acts of kindness messages for all students to find on the lockers as they leave school, put together by Year 10 students. We hope it brought a smile to the students' faces.

TEDDY BEAR APPEAL FOR CHILDRENS HOSPITAL

Year 10 have been collecting new teddy bears to give as gifts to Manchester Children's Hospital, especially to ward 84 where young cancer patients are treated. Thank you for everyone's donations; we have collected quite a few, but due to the current unprecedented circumstances in the world, we cannot deliver them yet, but are hoping to do so as soon as everything gets back to normal. Well done to Year 11 for running a great campaign in school. May it be accepted from them and may they be rewarded immensely.

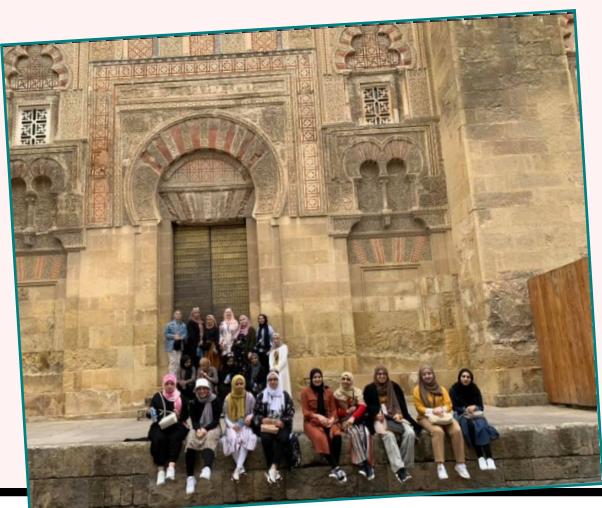

SPAIN TRIP

Students in Years 9 and 10 recently went on a Islamic History trip to Spain, taking in Seville, Cordoba and Granada, visiting key museums and monuments of Andalucia. All returned safely and in good health back to their families after what turned out to be a bit more of an adventure than planned, with Spain going into lockdown two days into the trip. The students dealt with this disconcerting turn of events with so much bravery and perseverance, and fortunately still got to see the wonders of Andalucia. We are proud of how well all the students coped with the uncertainty of the situation.

From the Trustees:

The Board of Trustees would like to add their voice to the bravery, patience and resilience of these girls. They are a credit to their parents and their community. May Allah swt always keep them safe and provide them with an abundance of sabr and good health. Ameen. The three staff members who accompanied these girls deserve an even higher accolade: their hard work and diligence, at times when faced with difficulty and responsibility of great proportion, deserve the highest praise. Words will not do enough justice to their sense of responsibility and for delivery of their obligation to ensure safety and well being of their charges. May Allah swt give them reward in this world and the hereafter. Ameen.

TIME TO TALK DAY

time to change
time to talk day
06/02/20

Choose talk, change lives.

On February 6th at school we stopped lessons at the same time for few minutes to talk about one bad thing that had happened that week and one good thing. The idea was for a few minutes to stop everything and talk to one another. The students obviously loved lessons being disrupted and being officially allowed to talk. But overall it made them think and reflect .

One student shared that on the way to school she found £1 bought a sandwich with it and gave it to a homeless guy in the street.

#TimetoTalk

TREE PLANTING – CHORLTON MEDICAL CENTRE

Our Eco-Warriors spent a couple of hours on Friday 14th February planting trees and gardening at the local medical centre in Chorlton, where the organisation Sow the City were setting up a community garden. The students thoroughly enjoyed getting their hands dirty and leaving their mark., as well as the added bonus of planting trees being a sadaqah jariyah (continuous charity) for them.

Thank you to Emily at the Sow the City for getting our students involved and engaged.

SAFER INTERNET DAY TODAY

'Free to be me: exploring identity online'. Students on 4th February completed activities on using emojis about representation and diversity in their IT lessons. Staff had to guess the app in a staff meeting, and most could only guess 4 out of 15 apps!

Guidance on keeping safe online can be found on our school website.

WORLD BOOK DAY

World Book Day at MIGSG is always a creative affair. Students and staff dressed as female characters, with book sales happening in school, as well as teachers sharing the book they are reading at the moment. Students also had an opportunity to become book fairies and leave new books as gifts for members of the public in the city centre, at the iconic book steps in Spinning fields. We hope they went to good homes and people enjoyed the books. The students were excited to share them.

YOUTH CLIMATE CHANGE

Our Year 9 students attended the Youth Climate Change Action summit on 17th January, learning from key figures and politicians about Manchester City Council's pledge re climate change. Students took part in different workshops and learnt

from several other schools and delegates on how they can battle climate change in school and make some sustainable changes.

CORONAVIRUS AND MIGSG

During this unprecedented time it is important to ensure that both students and their families are all safe. The government guidance as of beginning of April below is really important to follow. But more so is ensuring the mental and physical well-being of all during these uncertain times.

Some tips to help:

- Talk to your daughters about the coronavirus, if they have any worries or concerns regarding it
- Ensure they are getting some time to speak to family and friends they aren't able to see
- Have a structure in place during the locked down will keep them focused.

We pray that everyone is safe and well and that we will all return to school safely.

If you have any questions or would like further information, please contact Miss J Kossar on j.kossar@migsg.miet.uk

...cont'd from page 1

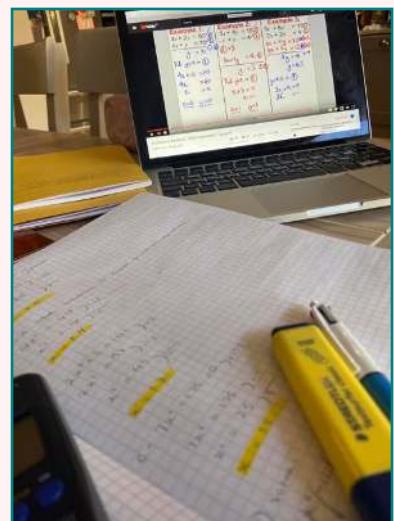

"Really pleased and grateful that an alternative learning system was organised so quickly for the girls during the Corona situation. My daughter continues to learn, and she works at her own pace -s he's aiming to get ahead and have extra time off! It's a great opportunity to do school and other stuff during this time,

especially in the run up to Ramadan. We're missing friends but technology helps to keep everyone connected. Thanks to all the staff for facilitating things so quickly, and for the support and accessibility. We look forward to being back at school but in the meantime will try and benefit from the situation... and everything is good for the believer." - Year 8 parent

"I am really pleased with the support my daughter is getting from her teachers. The teachers were quick to set up Google classrooms and started giving out class work from day one.

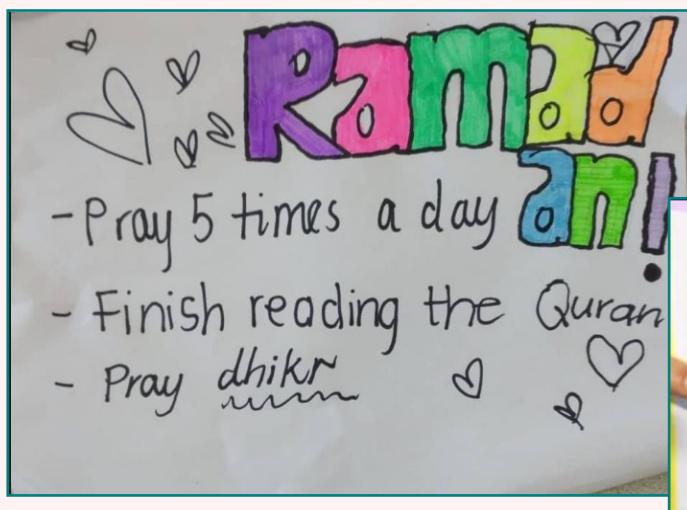

I would like to congratulate to the head teacher and all staff on their efficiency and quickness of response in unprecedeted circumstances." - Year 7 parent

RAMADAN PREPARATION

The sahabah would prepare for Ramadan 6 months before it came. We held a Ramadan preparation session for the students months ago, which will hopefully come in handy now their Ramadan will be in lockdown. Ramadan is one of the biggest months of the year at MIGSG. Students started preparing for Ramadan well in advance, making action plans for before and during Ramadan.

May it be blessed for us all.

ENTRANCE EXAMS

There are opportunities available at MIGSG for parents to apply for a place for their daughter. Please contact the school admin office for further information and details regarding taking an entrance exam.

Please contact:

admin@mihsg.co.uk / 0161 881 2127

Alternatively, there is information regarding the entrance exam available on the school website at www.mihsg.org.uk

Please do inform your family and friends.
